## Computer Science Graduate

Talented, creative and versatile Computer Science graduate. I possess excellent communication skills and practical experience in scripting, software and web development languages. I am a hobbyist artist and currently intern in content writing. I look forward to expanding my knowledge and bringing both worlds together to create elegant solutions in a professional setting.

## EDUCATION

### Bachelor's of Science in Computer Science

Mithibai College, affiliated to Mumbai University

07/2017 – Present

## WORK EXPERIENCE

### Title/Position

#### Intern Content Writer

01/2020 – 03/2020

Incubated at Harvard. An industry backed crowdfunding platform that offers global solutions for NGOs, social enterprises, startups and individuals.

##### Achievements/Tasks

- Edited content pieces for social media and marketing campaigns and postings.
- Analyzed and assembled data on bench marking studies and content techniques.
- Overhauled articles and coordinated findings.

### Editor & Beta Reader

#### J.M. Gillespie

08/2019 – 11/2019

J.M. Gillespie is an independent self-published author on the themes of fantasy, and mental health.

##### Achievements/Tasks

- Restructured content and documentation and provided critical feedback as per the required criteria.

## ACADEMIC PROJECTS

### Independent Artistry (07/2019 – 03/2020)

- Audited preexisting solution for gaps.
- Engineered and programmed a full-stack web application including documentation to meet a perceived gap.
- Authored black book documentation and detailed explanation of modules.
- Demonstrated successful outputs for peers.

### Report on 2016 AFF Data Breach (11/2019 – 03/2020)

- Investigated the 2016 AFF (Adult Friend Finder) Data Breach, surveyed vulnerabilities and total loss of information.
- Evaluated present weaknesses and alternatives in website design, and developed a strategy of solutions.

### Smart Grids (11/2018 - 04/2019)

- Researched and co-authored paper on up and coming technology 'Smart Grid' for strategic ops and compliance optimizations in electrical sector
